## Allen Appointed to Legislative Council

LANSING – Senator Jason Allen, R-Traverse City, was appointed to the Legislative Council by Senate Majority Leader Ken Sikkema, R-Wyoming, on January 28.

“I am honored to serve the citizens of Michigan as a member of the Legislative Council Committee,” Allen said. “I look forward to working with members of the House of Representatives and Senate to ensure that Legislators have the resources they need to serve the residents of Michigan.”

The bipartisan council consists of six members from the House of Representatives appointed by the speaker and six members of the Senate appointed by the Senate Majority Leader.

The council is responsible for appointing a council administrator to serve as the chief executive officer of all legislative council agencies. Through the administrator, the council provides oversight on the Legislative Service Bureau, Legislative Council Facilities Agency, Legislative Corrections Ombudsman, Joint Committee on Administrative Rule staff, Michigan Law Revision Commission, and the Michigan Commission on Uniform State Laws.

The Legislative Council members also appoint the Legislative Service Bureau Director, to maintain bill drafting, research, and other services for the members of the Legislature.
